**SIERRA TEL LONG DISTANCE
STATEMENT REGARDING:
COMPLIANCE WITH FCC CPNI RULES
FEBRUARY 1, 2006**

The following statement explains how operating procedures observed by Sierra Tel Long Distance ensure that it is in compliance with the rules in Subpart U of Part 64 of Title 47 of the Code of Federal Regulations.

In the twelve months ending December 31, 2005, Sierra Tel Long Distance did not use Customer Proprietary Network Information ("CPNI") to market services. Sierra Tel Long Distance's current policy is to refrain from using CPNI for marketing purposes. By declining to use CPNI for any of the circumscribed purposes identified in Subpart U of Part 64 of Title 47 of the Code of Federal Regulations, Sierra Tel Long Distance has not undertaken to obtain customer consent to use CPNI and, therefore, requires no formal system in place to differentiate those customers who have granted consent to use their CPNI and those customers who have not granted such consent.

Sierra Tel Long Distance has the following protection measures in place. First, Sierra Tel Long Distance undertakes periodic reviews of company practices to ensure that Sierra Tel Long Distance remains in compliance with CPNI rules. Second, during 2005, Sierra Tel Long Distance obtained guidance from outside counsel regarding the application of the CPNI rules. Third, Sierra Telephone requires that each of its employees sign confidentiality agreements and adhere to company policies protecting confidential subscriber information. Fourth, Sierra Tel Long Distance trains its customer representatives to conform to confidentiality practices.
